# **VISION**

God's love, better security and through right education.

# C.O.G.F is a movement to enrich the life of deprived children through

# MISSION

#### **MISSION**

C.O.G.F. focuses on reaching out to street children through our Outreach program. Initially, they participate in our step-in center program while still living on the streets. If a child decides to change their life, we take them under our care and guide them through our Rehabilitation project, which is tailored to their age. This process helps them gradually and fully transition away from street life.

After 15 years of working with marginalized children in Mumbai, COGF firmly believes that the root cause of these issues lies in rural poverty and that it must be addressed first. This will lower the distress migration caused due to loss of livelihood, water shortage, food insecurity, loss of vegetation and biodiversity. PROJECT PARIVARTAN is an initiative which works in the area of health, education, advocacy and livelihood, empowering the rural community towards better quality of life
